Direct Vent Series

heatilator®
The first name in fireplaces

Icon Direct Vent,

Enjoy a grand fire!

IDV4833IT
Shown with Fireside Furnishings™ Avalon cast surround, overmantel, hearth kit and Salem front

- The perfect fireplace choice for that custom home
- Can be installed in a flush hearth
- Finishing material can be brought up to opening to minimize visible steel
- Your choice of traditional or herringbone refractory standard
- Top direct vent allows installation along interior or exterior walls, below grade, or in corners
- Choose from two optional unique front faces to create just the right look
- Optional Heat Zones or Heat Ducts available to route some heat into other rooms of the home
- BTU/hour input:
 - IDV4833I: 33,500 - 48,000
 - IDV6247I: 40,000 - 59,000
- Certified for installation in bedrooms; direct vent models also certified for mobile homes
- Direct vent models preserve Indoor Air Quality (IAQ) and provide efficient zone heating
- UL tested and listed; Limited Lifetime Warranty

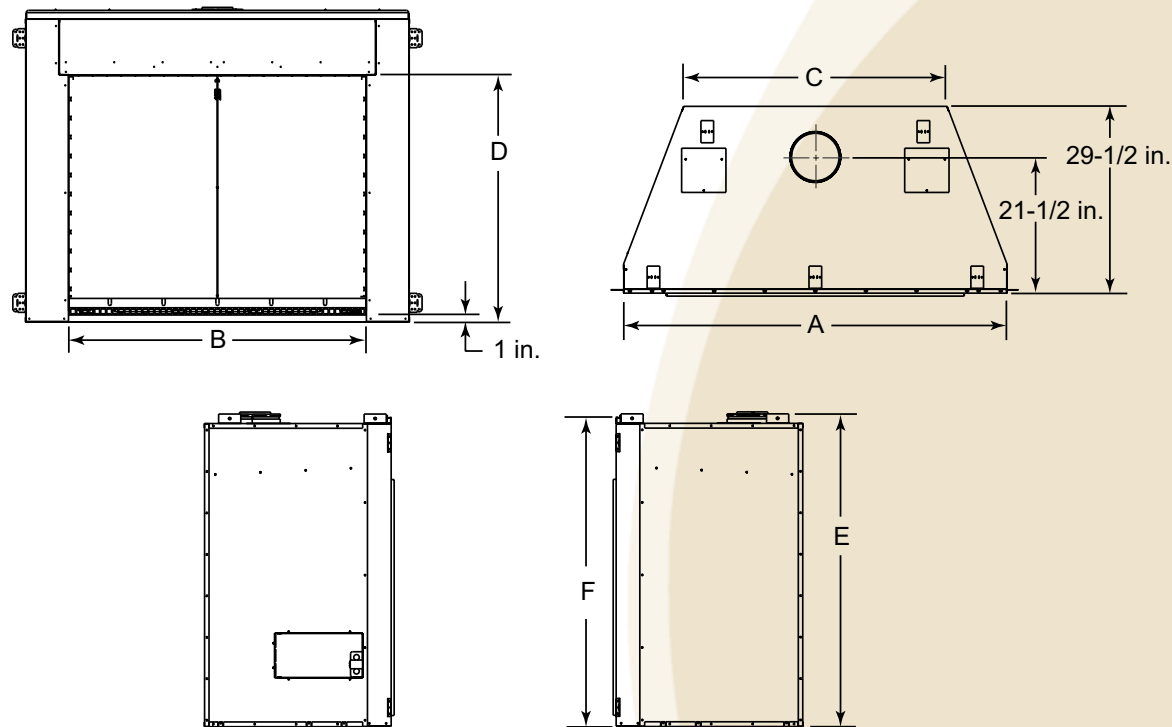

IDV6247IH
Shown with Fireside Furnishings white marble and custom mantel

IntelliFire™

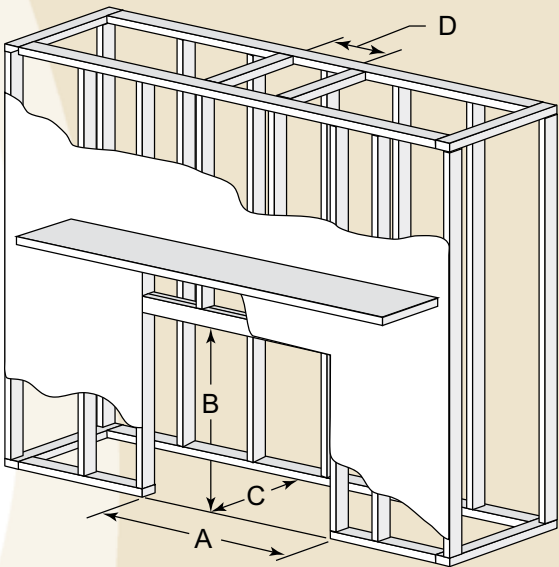

- With IntelliFire, there's no need for a constantly-burning pilot, saving the homeowner an average of \$10-12 per month
- When the fireplace is turned on, the pilot lights first then ignites the main burner; when the fireplace is not operating, the pilot also shuts down
- The IntelliFire system may be wired for 120V or operate with two D size batteries (not included) for operation during a power outage
