WELCOME HOME TO WARMTH

attractive

VANGUARD®

LogMate® Vent-Free Gas Fireboxes

A Perfect Match....the LogMate® Firebox and Vanguard Vent-Free Gas Log Heater of Your Choice.

A LogMate Firebox by Vanguard allows you to enjoy the beauty of a fireplace along with the warmth and efficiency of a vent-free gas log heater... instantly. And at a fraction of the cost of a wood burning fireplace. Pair a LogMate with any Vanguard (or other brand of) Vent-Free Gas Log Heater* of your choice. The fireboxes may be installed against (or recessed into) any wall accessible to a gas line. The LogMates and the clean burning 99% heating efficient logs require no chimney or outside venting, so all the heat stays in the room.

Circulating Firebox

Beautiful Choices.

All standard LogMate Fireboxes are offered in two styles. The heat circulating fireboxes feature louvers and can be fitted with an optional blower. The smooth face non-circulating models are ideal for custom trim applications such as stone or marble. For custom trim applications smooth face panels are available.

All fireboxes feature an attractive textured charcoal paint finish, hood and wire mesh fire screen. All models feature a concrete liner and floor.

The See-Thru and Peninsula LogMate Fireboxes offer versatile and creative ways to install a fireplace in your home. Both also include a charcoal textured paint finish, louvers, hoods, fire screens, concrete liners and floors.

See-Thru Firebox

The Full-View Firebox features a tall opening, which more closely resembles a masonry fireplace. This model comes in three sizes: 32", 36" and 42".

New for 2008, models available with stacked or herringbone brick liners.

Peninsula Firebox

Cover Photo – 36" Full-View Firebox (VTFB36) with Blaze n' Glow Logs and Sienna screen door
*All Vanguard LogMate Fireboxes are approved as Universal Fireboxes and can be paired with any manufacturer's ANSI Z21.11.2 approved vent-free log (physical size limitations apply).

Pair a LogMate with any of these attractive Vanguard Vent-Free Gas Log Heaters.

Accessories To Complete The Look

- Cabinet mantels for 32" and 36" fireboxes
- Decorative Sienna & Valencia screen doors
- Decorative louver panels
- Perimeter trim in brass or platinum finish
- Black or brass firebox hoods
- Liner kit in stacked brick or herringbone pattern
- Blower for greater heat distribution

Complete Your LogMate Fireplace With a Cabinet Mantel From HearthSide Designs.

Nothing completes a fireplace setting like a mantel. LogMate Fireboxes in 32" and 36" sizes will fit specially-sized cabinet mantels from HearthSide Designs. These cabinet mantels are available in wall or corner models, and in unfinished oak and oak stain. These cabinet mantels include a matching base. Special Designer styles are also available in several styles and finishes. Consult brochure #FA6636 for more information.
